Making Up

Stitch snowman head and body onto bunting, overlapping chin of snowman head to upper body.

With orange yarn and sewing needle, make 6 chain coming out from centre hole in middle of the snowmans face. Fold chain in half and stitch back through the same place on face and secure yarn, to make carrot nose.

Make french knots, or small stitches to form eyes and mouth on the face and a centre button in the middle of his body. Alternatively, you could use small black beads.

Stitch “neck piece” of scarf from left side of snowmans neck to right side of neck. Fold “long front piece” of scarf in half to hang down over snowmans body and make a couple of sewing stitches to secure into place.
